

GR 1000 SOLVENT

Bio-degradable, Non-Flammable Solvent

A super heavy duty solvent, derived from renewable plant oil. A new kind of chemistry that is a high performing, bio-based formulation. Enables superior degreasing, resin and paint removal, in both mechanical, and immersion cleaning applications. It readily loosens stubborn soil and accumulations, which are unaffected by caustics and dangerous solvents. Entirely environmentally friendly.

Parts / Engines / Paint / Resin / Floors / Grease / Plastic / Etc.

The Advantages:

- ✓ SAFE ON ALL METALS
- ✓ EXTREMELY EFFICIENT
- ✓ VERY SAFE FOR PERSONNEL TO USE
- ✓ CAN BE DISPOSED DIRECTLY TO DRAIN
- ✓ NON-TOXIC / NON-FLAMMABLE
- ✓ REPLACES CURRENT SOLVENTS

SAVE TIME - SAVE MONEY
